COMING!

THE DEMOCRATIC PARTY

Weighed And Found Wanting

So He Joins the Populist Party.

The following letter from Mr. J. D. McMahon, of Belton, was sent to the Belton Journal for publication. The Journal refused to publish it. It is a plain declaration by Mr. McMahon that he is no longer to be found in the democratic party. Mr. McMahon has been a life long democrat, but as he is now fully convinced that no relief can come to the people by and through old party methods, he cuts loose. His letter to the Journal is as follows:

Editor Belton Journal:—I see in your last issue that I am billed to meet Mr. Robertson, of the Journal, at Troy in Bell county, in behalf of the free silver club, and to answer a speech to be made by Mr. Robertson at that time and place in favor of the gold standard policy.

In selecting me, Mr. Bradford, chairman of the club, made a mistake. I am not a member of that club, neither do I propose to enter the democratic primaries, or to abide their action or that of the state convention. I am unlike Mr. Robertson. He says "this party votes him." I vote with a party so long as it reflects my sentiments, and no longer. I felt it my duty to inform Capt. Bradford of his mistake, and did so. He at once corrected that mistake by appointing Hon. J. B. Durrett in my place. Mr. Durrett will be at Troy to meet Mr. Robertson, and will be loaded for bear. It would not surprise me if he did not use the editorials of the Journal before a subsidized press became popular, to account for Mr. Robertson's sudden change on the silver question. Mr R. certainly stands condemned by his own sayings, but he will say, "Wise men change—fools never do." I cannot say that I have changed on the silver question. I have always been a true friend to silver. I believe in the free coinage of silver at the ratio of 16 to 1 by the United States, independant of the balance of the world. I believe in coining all the silver in the world I am anxious to see the other nations begin their dumping off business. I want to see this country with too much money in it. I want silver because it will scatter out among the people, and because it cannot be cornered by gold bugs, syndicates or other unholy alliances. I believe now as I did in 1892, in the free coinage of both metals at our mints without discrimination as to either metal. Mr. Robertson believes then in the double standard and in free coinage, preserving the parity of the same.

Mr. Cleveland was elected on his advocacy of these principles. We, the people, turned over to him and the democratic party the house of our fathers. In less than three years we find it desecrated, occupied by goldbugs, traitors and money changers, I favor driving this despot and all of his coconspirators from the temple, and reestablishing therein "government of the people, by the people and for the people." I know this cannot be done inside of the democratic party. The party is now powerless to effect any good purposes It has been put on trial and proven a failure. It has been weighed in the balance and found wanting. If united, it has lost the confidence of the people, and can now do nothing. It is divided into factions, and is stirred by commotions within, by lost confidence, mistrust and disorder without. It has lost its opportunity, and has gone into history as a thing that was, but is not when it had control of this government and could have lightened the burdens of government, it was inimical to the interests of the people and increased the public debt. They were too busy procuring their articles of copartnership with the goldbugs, Eastern and European syndicates, to hear the cries of a tax-ridden, poverty-stricken constituency.

George Clark told us at Holland that "we need not look for free silver in the democratic party."

I agree with him. We need not look for anything from that party in the future, either state or national." That we would have to go to the populists party." I think that party offers the only hope of relief, and so believing, I have gone to it and will vote with it in the future. I have said this much that I may not be again misconstrued. J. D. McMAHON.

A DISBELIEVER IN DEATH.

Rev. Minot Savage, the eminent Unitarian minister of Boston at a recent funeral made use of the following language:

"Here, lying in this casket is all that human eye can see, all that the hand can touch of our friend; but that which was he, that which thought, loved, hoped, felt, that which served his fellows, is not here, and it is not going to be buried to-day," and he continued in the same fine strain, "I do not believe in death: I do not believe that death came into the world as a result of any incursion of evil from the outside. I believe it is a part of the wise loving eternal order. I believe it is only another kind of birth, and when we can detatch ourselves from certain ways of looking, we shall be able to see the divineness of death. Suppose that, for all of us eternal life should be prolonged indefinitely. That would mean we should be prisoners, shut in on this little world, while God's universe is all around us, speaking to us, inviting us, beckoning us. I come more and more to look upon death as God's divine angel; as the gate-keeper for us. He comes and touches us and then we become citizens of the universe. Our friend has simply graduated and gone to a larger field of study and labor."—Philadelphia Journal.

REAL FUN.

A fond mother sent her small boy into the country for a holiday, and after a week of anxiety received the following reassuring letter:

DEAR MA—I got here all right, and I forgot to write before. It is a very nice place to have some fun. A fellow and I went out in a boat and the boat tipped over and a man got me out, and I was so full of water that I didn't know nothing for a long time. The other boy is to be buried when they find him. His mother came down from her home and she cried all the time. A hoss kicked me over and I've got to have some money to pay the doctor for mending my head. We are going to set an old barn on fire to-night and I am not your son if we shan't have some fun. I lost my watch and I am very sorry. I shall bring home some snakes, and a toad, and a tame cow, if I can get them in my trunk. I've got a box of frogs already.—Your loving Johnie.—Ex.

KEARBY WILL SPEAK.

HON. Jerome C. Kearby, the talented lawyer and citizen of Dallas, will speak at the court house in McKinney Saturday, Sept., 7, at 2 p. m. Make your arrangements to attekd this speaking.

THE Omaha platform is doing it!

POPULISM is growing more popular.

"STAY-in-the-party" democrats will not be so numerous in 1896.

THE only substantial booms in the country are populist booms.

NUGENT might as well prepare to take charge of a bursted state in 1896.

NOW let the McKinney Gazette swear that Ohio democrats are for free silver.

ABOUT the only privilege we see for free silver democrats is to join the populist party.

JUDGE Thom. L. Nugent grows dearer to the heart of the masses as the days wing along their flight.

THE state alliance is in session at Lampassas with a large an enthusiastic attendance.

HOGG is in Colorado and Richard Croker, the Tammany exchief, is in London.

BARLOW Bailey is sustaining his reputation for denying the truth which he won in the last campaign.

MRS. Mary Ellen Lease spoke to 10,000 people at Sherman last Saturday. She made populist votes.

THE public debt increased during the month of July $38,435,938. Verily give us smaller doses of democratic prosperity(?)

DEMOCRATS are practically unanimous on one subject. They all agree that Nugent will be the next governor of Texas.

BAILEY will not allow a populist to work upon his house. The populists, however, will tear down his senatorial boom.

THE Gazette swears to its circulation. The Gazette said that Kentucky democrats declared for free silver. Great is the veracity of the muscular editor.

TUESDAY there were $2,850,000 in gold shipped from New York to London. Cleveland's bond syndicate placed $2,000,000 in the New York sub-treasury. Who is runping this government anyway?

That Tired Feeling

Means danger. It is a serious condition and will lead to disastrous results if it is not overcome at once. It is a sure sign that the blood is impoverished and impure. The best remedy is

HOOD'S Sarsaparilla

Which makes rich, healthy blood, and thus gives strength and elasticity to the muscles, vigor to the brain and health and vitality to every part of the body. Hood's Sarsaparilla positively

Makes the Weak Strong

"I suffered with tired feeling and run down condition, and I was generally out of order. I am now taking my third bottle of Hood's Sarsaparilla and the tired feeling is gone and I feel like a different man. I recommend Hood's Sarsaparilla to all who suffer as I did." J. F. RIGSECKER, Shaw, Oregon.

Hood's and Only Hood's

Hood's Pills easy to buy, easy to take, easy in effect. 25c.

AN unknown laborer was found dying in some weeds near the H. & T. C. railroad in Dallas Tuesday. He had taken a large dose of morphine. An inquest over the dead body failed to identify it.

THE Alvord Budget we are informed has just alligned itself with the populist party. The Budget was a democratic paper established in 1887. We welcome it into our ranks.

THE Ohio democracy met in convention at Springfield. The gold standard element headed by millionaire Senator Calvin S. Crice controlled the convention. The convention acted honestly by nominating a gold standard candidate for governor, ex-Gov. Campbell.

THE Memphis Commercial Appeal is frantically calling on all Tennessee democrats to register. What difference does it make whether the Tennessee democrats have a majority or not? They got there all right the last time without a majority.—Dallas News.

EDITOR Middleton of the Waxahachie Mirror, believing in the free coinage of silver, had courage and honesty enough to join the populist party, where he felt he belonged.—Dallas News.

IT transpires that several of Hogg's supporters at Austin are gold standard men. Among them are Judge Robertson, Judge Fulmore and Col. Baker.

A MOB entered the jail at Wet Palm Beach, Fla., and took from it a triple murderer by the name of Lewis and hung him. The jailor was accidently shot.

HOTEL Gurnsy at Denver, Col., was wrecked Sunday night by a boiler explosion in its basement. The structure which was five stories high, burned and it is said that forty guests perished in the debris and flames.

THE "Silver Knight" is the title of a new paper just started at Washington, D. C. edited by Wm. M. Stewart. It will be devoted to the financial question and the doings of public men in congress.

A NEW populist paper called the "American Patriot" has just been launched at Denison by C. N. Nelson. Success to you Bro. Nelson.

BAILEY virtually concedes that free coinage of silver will reduce the present value of the American dollar one half. He is opposed to present debts being paid with the cheap dollar. When crowded to the wall Bailey will defend a gold bug platform.

HON. Bourke Cockran has severed his connection with Tammany. Bourke and Tammany both should be congratulated.

OF the four democratic state conventions held lately, three, Iowa, Maryland and Kentucky, endorsed Cleveland and the gold standard.

EX-CONGRESSMAN Silas Hare of this district, was appointed to represent Texas in the national, but poorly attended, silver democratic meeting in Washington last week.

THE populists in 1894 cast 1,537,271. They elected 479 state legislators and 12 congressmen. The congressional vote in Texas was 162,171. How is this for the little urchin?

HON. Tom Watson has challenged his opponent for congressional honors to meet him in joint debate in the tenth Georgia district. Up to date J. C. C. Black has not been heard from. The election takes place Oct. 2.

MRS. Lease's second speech, made Saturday night, was listened to by more than 3000 people. For a woman she shows remarkable knowledge of politics and is probably the greatest woman orator appearing before the people. —Sherman Register.

THE muscular editor of the Gazette swells up and tackles the Examiner and Democrat by inviting those papers to "swear" to their circulation. Clint, we don't have to "swear," people have confidence in us. Then, again, it costs something to "swear," about 50cts, which of course we are minus and we have no "daddy" who is a notary public to credit us. Clint, "swearing" is cheap (to you) but we advise you to spend more time in trying to bring your puny sheet up to the high standard of THE DEMOCRAT and your circulation will take care of itself.

THE Whitewright Plow and Hammer, anticipating the campaign of 1898, says: "We would like to see the position now occupied by Senator Mills occupied by J. W. Bailey, Mills is certain to be defeated if he champions the single standard cause." Mr. Bailey's boom for the senate was nicely started at the Fort Worth silver convention. In fact, the only substantial ratio established at Fort Worth was 16 booms to 1 office.—Dallas News.

WE are just in receipt of a neatly printed hand book on the subject of local option. A careful review of it convinces us that its author, Judge R. M. Lusk, is an able attorney. Everyone interested in getting up local option elections and prosecuting the case should send 25 cents to Evans & Evans, Bonham, Tex., and procure a copy.

THERE is not a paper in the United States, democrat or republican, that can come up to the Dallas News for fairness. Its columns are open in fact to all political or religious organizations. Its kind treatment of the populists of Texas endears it to their party.

DASHIEL, one of the men whom Cyclone Davis has had a standing challenge to joint debate for weeks, ignores this standing challenge and comes out in the daily papers one morning this week and challenges Davis to meet him twice at certain places and times which if Davis does he will be forced to cancel previous engagements and consequently disappoint the people. This is a fair sample of Dashiel and his ilk's cowardly methods in dealing with their populist opponents.

EVERY populist in Collin county should read "Committeemen Appointed" on the first page of this issue of The Democrat. If your name is contained therein get to work and contribute your mite to the victory that is sure to be ours in '96 if we want it. If you are not a committeemen look for your neighbor who is and do your duty.

THE free silver democrat believes the populist party is rotten to the core and that it only indorses free silver to catch votes. —Sherman Courier.

The Courier is an organ of that putrified conglomeration—the modern democratic party. Yes, it furnishes even more than its prorata of taint, so much so, that everything it perceives through its various senses partakes of its own rancid nature.

THE fourth party (the free silverites) in convention recently at Ft. Worth was strictly "official." If you don't believe it take a glance at its personal—Gov. Culberson, Lieutenant Gov. Jester, Attorney General Crane, Comptroller Finley, Commissioner Reagan, Treasurer Wortham, Commissioner of Agriculture Rose, Assistant Attorney General Trice; Hill, Beeton, Whatley and Mabry, state officers, Yoakum and Bailey. A conservative estimate of actual officeholders and those who have recently occupied positions at the state pie-counter places the number at one hundred present. We reiterate the fourth party is "official!"

ROLL OF HONOR.

Within the last few days we have learned of the following papers and individuals transfering their affections from the democratic party to the populist:

Ellis County Mirror.
Alvord Budget.
J. D. McMahon, Belton, Tex.
Hon. J. Spence Bound, Hillsboro, Tex.

STILL THEY COME.

OUR RANKS ARE SWELLING--WHO NEXT?

That excellent paper the Waxahachie Mirror has joined the populist ranks. We are personally acquainted with Editor Middleton and know him to be an upright, conscientious gentleman. He has been honestly battling for reform in the democratic organization for years but now comes to the "parting of the ways." The following is an editorial from the Mirror:

"You can join "in the war to the knife" program, the burden of which will be to enable the present administration to stay in, and take the chances, which are decidedly against you, of having to support the single standard at last, or you can ally yourself with the only unconditional free silver party in the country—the populist, and this is what we here do without hesitation. It is the only open, honest thing left us to do.

THERE are populists who will work for papers a thousand miles from home and refuse to turn a wheel in behalf of their local county paper. The local paper is the life of the local populist organization and it should receive first attention.

THE people's party stood alone, unawed and without fear, boldly proclaiming the financial question was the overshadowing issue in the presidential campaign of 1892. For so doing, populists were taunted with all the vile epithets that democrats and republicans could apply. With them, t-a-r-i-f-f was the issue to divert attention from the real problem most affecting the people. What was the result after the political tricksters had accomplished their design and were enstated in power in every branch of the government on ambiguous platform, a special session of congress was deliberty called, what for? Not for the purpose of tinkering with the t-a-r-i-f-f but to consider the financial condition of our country which had been plunged into a disastrous panic just as populists had foretold and for which they had been spitefully called "calamity howlers." As correctly did the people's party foreshadow the impending crisis which followed the campaign of 1892, it now offers to our stricken country the only relief. As the people's party was maligned in that campaign for boldly proclaiming our true condition, so now it is being wantonly assailed and maligned for boldly championing the only panacea for our woes. Throw aside contemptible prejudice and view the situation that confronts you in the light of reason as becomes a liberty loving patriot. If after doing this you are a democrat or republican, alright and well, but if you conclude the populist party more nearly reflects your honest sentiments be a populist without reserve or extenuation!

McKINNEY SUMMER NORMAL.

The sun has set on this, the last and most memorable day of our eventful normal, and we, who have been associated together for two months, find ourselves separated from each other, each to wend his weary way home, a sadder but, it is to be hoped, a wiser person. Our associations have been the most pleasant, and the work which has been done, has been of the most efficient kind. It has been well said "A live teacher makes live pupils." If this is literally true, it is not wonderful that this normal has made the best record by far, of any normal in the state. Of the entire number, who took the examination last month, only one failing is recorded; this is a record of which no other school in the state can boast. Our conductors, Profs. Hendrix and Jones, are men who make teaching a profession, and are thoroughly qualified on all the fastest and most approved methods of instruction, and all who have attended the normal can candidly say that they have never met men under whose instruction they have profited more. Whatever may be their destination in life, we are confident that the image of success will perch upon their banners. That the teachers, who attended here, are composed of the elite of the profession, is sufficiently demonstrated by their matchless record. Our number has been made up of the best teachers of Collin and surrounding counties, and we have had several from other states. We have enjoyed several visits from some of the most prominent educators of the South and each of them has honored us with a few pointed remarks on school issues. State Supt. Carlisle delivered quite a lengthy and practical discourse on the Texas school system. We tender our sincere thanks to Prof. Dodson for his kindness in allowing us the use of the Institute building. To the kind people of McKinney, we wish to extend our heartfelt thanks for their kindness and hospitality towards us. We can truly say we have never been among people who treated us more courteously. Those who have not visited us, have, at least, let us alone. In conclusion, we wish to say that we hope that the star of prosperity may continue to shine on the beautiful city, until, by steady stages of progress, she shall have assumed her true position as the metropolis of North Texas.

AN EXCELLENT PERFORMANCE.

SOCIAL.

Miss Donnie Abernathy gave a dancing party at the residence of her father, Judge Abernathy, Monday night.

A crowd of about thirty young people from McKinney, chaperoned by Mr. and Mrs. Beverly and Mrs. Cameron, had an immense time at Orenduff's Pleasure Resort, Thursday, boat riding and perambulating in the cool grove.

Mr and Mrs Tom Muse entertained the following young people one evening recently in honor of their niece. Miss Margie Muse, of Sherman, who is visiting them: Misses Leslie Pearson, Cassie Nenney, Fannie, Cecil and Clara Abernathy, Nelly Berry, Janie Muse, Anne Bell McWilliams and Mary Rhea. Messrs. Joe Dulaney, John Hill, Dick Cameron, Will Abernathy, Com Oates, Avery Dowell, Walter Terrell, James Muse, Tom Muse, Taylor and John Berry.

In the round of social pleasures last week, in McKinney, none surpassed the event Friday evening at the residence of Mr. and Mrs. W. M. Bagley, on South Tennessee street, given for the instructors and attendants of the Summer Normal of this county, which closed that day after a most successful term of two months. The time was auspicious for mirth and enjoyment. A season of earnest, arduous, mental toil, culminating in final examinations, had just been ended. A consciousness that this time had been profitably spent, that duty had been well done and a vacation period for recreation and rest was being inaugurated put every one present in the most happy mood of mind. The parlors resounded with commingled peals of merry laughter and sweet strains of music executed by deft hands, which was only briefly interrupted by a luscious melon feast. The event was rendered more conspicuous and lovely by the cordiality and hospitable bearing of the charming hostesses of the evening, Misses Mary, Eva and Willie Bagley. The following were present and unite in pronouncing the occasion a superb affair:

We have as good educators and good schools as can be found in any city of our size. Be appreciative of home worth and enterprise in educational matters the same as you are in other matters of business.

A pathetic scene was witnessed on our streets one day last week. A man with several small children drove onto the square from Oklahoma. He reported that he had lost his wife since leaving the territory. His little band of ragged children were crying for bread while the little baby was having spasm. The sick child was transferred to Dr. Provine's office and medical aid given. Generous hearted parties raised a cash fund and provision donation and gave to the diconsolat father. The family remained here several days until the child recovered and left Tuesday to continue their journey.

UNION PICNIC.

The union political picnic advertised for last Saturday came off at Orenduff's pleasure park. A large crowd, estimated by Mr. Orenduff at about 1500 was present in the afternoon and heard the speaking. Hon. H. C. Mack spoke for the sound money or administration democrats, Judge Edwards, of Dallas, greatly pleased the republicans, while Col. T. J. Tilson, of Merit, spoke for the populists, convincing everybody that he is a wheelhorse, and a great many, that populism, when elucidated in its true light, is the hope of political salvation. The free silverites failed to get any one to represent them.

ECZEMA From early childhood until I was grown my family spent a fortune trying to cure me of this disease. I visited Hot Springs, and was treated by the best medical men, but was not benefited. **FROM** When all things had failed I determined to try S. S. S., and in four months was entirely cured. The terrible Eczema was gone, not a sign of it left; my general health built up, and I have never had any return of the disease. I have since recommended **CHILDHOOD** S. S. S. to a number of friends for skin diseases, and have never yet known a failure to cure. GEO. W. IRWIN, Irwin, Pa.

MESSRS. LIPPMAN BROS., Savannah, Ga.

GENTS:—I have used nearly four bottles of P. P. P. I was afflicted from the crown of my head to the soles of my feet. Your P. P. P. has cured difficulty of breathing and smothering, palpitation of the heart and relieved me of all pains; one nostril was closed for ten years, now I can breathe through it readily.

I have not slept on either side for two years, in fact dreaded to see night come; now I sleep soundly in any position all night.

I am 59 years old, but expect soon to be able to take hold of the plow handles; I feel proud I was lucky enough to get P. P. P. and I heartily recommend it to my friends and the public generally.

Yours respectfully,
A. M. RAMSEY.

ROYAL Baking Powder.
***Highest of all in leavening strength.*—U. S. Government Report.**

The September number of The Forum will contain an unusually interesting paper by Mr. Clarence King, entitled, "Shall Cuba be Free?" Mr. King paints the treatment of the Cubans by their Spanish masters in the darkest of colors and makes an eloquent appeal for Cuban independence.

No party except the populist ever declared against a single gold standard in national convention, and there is no present probability that any other will.—Charlotte (N. C.) Observer, (Dem.)

ATTEMPTED ARSON.

Van Alstyne, Grayson Co., Tex. Aug. 15.—Last night while the family of T. M. Dumas was away from home some one entered the house from the kitchen and poured kerosene oil from a can that was on a table and set a match to it. Luckily, the folks returned just in time to save the house. Some damage was done to the floor.

IN THE SAME BOAT.

A TREACHEROUS DEAL.

The populists has ever held that both the old parties would unite in preference to sustaining a populist victory. In campaigns passed, it will be remembered that the demogogue speakers of the local democracy would howl about the populist move being a republican scheme to break up the democratic party. In the north the republican demogogues said it was a democratic scheme to break up the republican party.

To verify what the populists have always held, we reproduce the following from the St. Louis Republic of Aug. 1, 1895. The article is proof of the unpatriotic motives of the subsidized press. It breathes a spirit of prejudice, treachery and plunder. Its sentiment is fit only for the devil. Read it:

"The first arrest under the corrupt practices act of the state of Kansas will, in all probability, lead to a trial which will afford a practical demonstratson of why the continued success of the populist party, as at present organized and controlled, is an utter impossibility. A republican county commissioner of Sumner county of that state has been arrested on a charge of having, preceeding the Kansas elections of 1893, entered into an agreement with the democratic members of the board of county commissioners to award the county printing to the Sumner County Standard, a democratic paper, with the understanding that the Standard should support the democratic ticket. The agreement was carried out, and Commissioner Farout is now under arrest for having become a party to what, under the Kansas law, is termed a canspiracy against the purity of elections.

"It will be difficult for partisans in other states to understand why a republican member of a county board should enter into collusion with democrats to give patronage to a democratic newspaper for supporting a democratic ticket. The thing looks absurd on its face, but it is easily understood when we understand that populism is the scarlet woman of Kansas politics, and the danger against which the best elements of citizenship in other parties have united. The situation in Sumner county was that while the republicans were in a safe majority as against the democrats and in a safe plurality against the democrats and populists running separate tickets, there was danger that the democrats, hopeless of effecting anything by independent action, might become committed, practically in a mass, to the support of the populist ticket. It was, of course, the design of the republicans to prevent such a fusion. It is equally evident that the democrats preferred a republican to a populist government. In that fact lies the moral which adorns the tale.

A CORRECTION.

Mr. A. H. Bortner of the Collinsworth neighborhood called at the Star office Saturday evening and made the following statement in regard to the man who it was reported went from F. M. Collinsworth's house, last Saturday week, to the poor farm and died the next night with small-pox: The man who died at the poor farm near McKinney last Sunday night had been working for different parties in the Collinsworth neighborhood for several weeks, but had never gone to the house of F. M. Collinsworth, where it is said he caught small-pox, until Friday evening before he was taken to McKinney on Saturday, and he had been sick for two or three weeks before he went to F. M. Collinsworth's house and came to Plano about a week ago and and got medicine from Dr. Mendenhall, who said he only had a bilious attack. He went back to the Collinsworth neighborhood and at different places eat enormous baits of peaches, watermelons and such trash while he was taking calomel and other medicine given him by Dr. Mendenhall. On Friday he ate another unreasonable bait of fruit and melon, after which he immediately got worse and was taken the next morning to the poor farm by Commissioner Rice and died Sunday night.

Mr. Fortner says that he thinks that that the report of the man having caught the small pox in the Collinsworth neighborhood is untrue and without foundation, as the man only lived about 48 hours after he first went to F. M. Collinsworth's, where it is claimed he caught the small pox, and besides the man spoke a number of times before he was taken sick about having had the small pox several years ago, told about his suffering, treatment, etc.

The people of the Collinsworth neighborhood say positively that the report as to the man catching the small pox there is false and without foundation whatever.—Plano Star.

WHEN DOCTORS AND HOSPITALS FAILED.

DALLAS, TEX., April 4, 1895.—This is to certify that for the last eight or nine years I have been sorely afflicted with a most severe bowel and renal trouble, which also produced a complicated condition of the uterus and kidneys. I was four months in the Dallas hospital and was treated at different times by at least a dozen different physicians and was operated on four times, but all to no avail. I continued to grow worse until I had lost hope of recovery, but thank God a lady friend advised me to try Dr. McDowell's Family Medicines. I had used only one bottle of the La Creole Blood Purifier and one box of Rabbit Brain Ointment when I found I was improving fast. I have used six bottles of the La Creole and about the same number of the salve and Eel Oil, and I positively could not be paid enough money to be placed back in the same position I was in when I commenced the use of the medicine.

My husband was attacked with a severe case of Grippe and had a severe cold and fever. He was so bad that we thought he could not recover, but he concluded to try McDowell's Hot Drops and Eel Oil and in a few days was able to resume his work. MRS. HATTIE DAVIS, 317 Elm Street.
